

WUK DE LAN
by Olsen Peters

In great great granpa days
Things were better in ways
In great great granpa days
Things were better so granny say
Sugar and rice were plentiful
When you go to shop your basket full
Fish was only penny a pound
And you didn't have to buy no ground provision (Bobolop)

Chorus

Food prices gone sky high
Big money still cant buy
Production low, low, low
Time getting hard fo so
Before starvation destroy our little nation
Come on Vincentians up with production
Let's get together
Revive agriculture
Come get up and get
Is on your mark get set

Swing cutlass start cutting grass
Get your garden fork start digging fast
Get moving turn over soil
Toil an toil an toil an toil
Wuk backyard wuk mountain land
Wuk from Soufriere down to bay sand
Wuk valley, wuk pasture land
Wuk, wuk, wuk, wuk de land

Yams, tannias and eddoes
Dasheen and sweet potatoes
Mango, coconut and breadfruit
Cotton, cane and arrowroot
Don't forget to grow green vegetables
Avocado, pears, grapes and pineapples
Banana, figs, carrots, beans and peas
With vitamins and minerals to fight disease (Bobolop)
